

Inject Date	May 19	Inject Time	1300	Inject #	
Delivered by <i>SimCell / Site Controller</i>		SimCell		Type of Inject	Contextual Contingency
Delivery Method <i>Telephone, Email, WebEOC, or Other:</i>			Telephone		
Recipient (To)	Location – (Where)		Miami CHD		
	Agency/Individual		Public Information Officer		
Objective					
Capability / Task					
Inject Name: Fire Ant Balls Spotted					
Inject (Write the actual Script for the controller)		<p>“This is an exercise”</p> <p>This is John Johnson with Miami Dade dispatch. I’ve received several phone calls from concerned residents about large swarms of fire ants. Some have said the ants appear to be in a ball like form, and are everywhere in the standing water near homes. They want to know how to protect themselves from the fire ants and if there are any health problems associated with these ants in the flooding.</p> <p style="text-align: right;">“This is an exercise”</p> <p style="text-align: center;">(Attachment Yes or No)</p>			
Expected Acton(s) / Outcome					Notes:
PIO releases PSAs or flyers to population					
Related Plan / SOP/ SOG					Notes:
